The Mortuary Temple of Rameses II (Ramesseum)

The Mortuary Temple of Rameses II (Ramesseum)

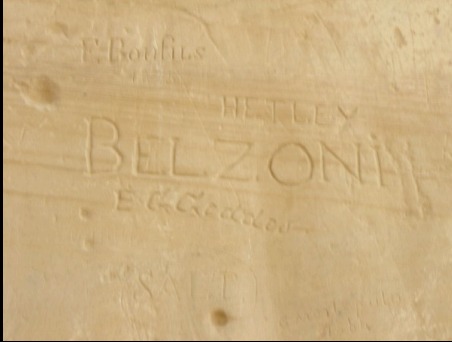

“I filled its treasury with the products of the lands of Egypt: gold, silver, every costly stone by the hundred-thousand. Its granary was overflowing with barley and wheat; (its) lands, its herds, their multitudes were like the sand of the shore. I taxed for it the Southland as well as the Northland.” – excerpt from the Harris Papyrus, Rameses III on his own temple’s resources.
